As part of ABTT's summer training programme, we are once again running this very popular Pyrotechnics Course to cover operational safety which includes hands-on demonstrations of many pyrotechnic effects. The course is ideal for lighting professionals, students, community theatre technicians, indeed anyone in the entertainment industry who may need to work with Pyrotechnics. The course will provide delegates with an opportunity to update and familiarise themselves with current and forthcoming UK/EU legislation. The course is also an ideal refresher for technicians who have to produce certificates of awareness, to keep themselves 'In date'.

All participants will receive a comprehensive set of notes and subject to satisfactory completion of the course, each candidate will receive a certificate, signed by the tutor, and automatic enrolment with the Association of Stage Pyrotechnicians registers.

*(Please note that smoke and noise will be generated during the day).*

**Topics covered include:**

- Workshop presentation
- Live device demonstrations
- Videos
- Handouts
- An Observation exercise
- Delegates pressing buttons
- History
