

Presents a visit to:

English Braids
(leading manufacturer of ropes, cords and braids)

Tuesday 20th November 2018

Venue:

English Braids, Spring Lane, Malvern, Worcestershire WR14 1AL

Time: The visit will commence at 2:00pm and conclude by 4:30pm. This will include a talk and tour by English Braids around the Factory.

Website: [https:// www.englishbraids.com](https://www.englishbraids.com)

Please arrive on time having had something to eat and meet in the Reception area. When we finish if you are not rushing off to catch a train there will be the opportunity to chat more informally.

RSVP to Elysia in the ABTT Office to confirm your attendance:

Office@abtt.org.uk or 0207 242 9200

English Braids is a privately owned British Manufacturer of synthetic ropes and braided cords based in Malvern, Worcestershire and, for 50 years, they have been delivering rope and cord solutions into their strategic markets which include sailing, safety, offshore and general infrastructure.

Their products have operated in discerning markets including marine lifting engineering, commercial winching and entertainment and are also being used in many of the World's leading Superyachts, racers, cruisers, dinghies and sports boats.

On the day we will be receiving a talk from English Braids about the different types of ropes they produce and their uses. This will be followed by a tour around the factory.

Getting there:

By Car:

There is car parking available at English Braids and on the road parking on Spring Lane right outside the venue.

By Public Transport:

Please arrive in to Malvern Link Station. It is then a short 8 minute walk to English Braids which is mostly flat. Depart from Malvern Link and turn left on to Worcester Road, walk until you reach Spring Lane on your right and turn down this road. Follow this road until you reach English Braids on your left hand side.

The ABTT would like to thank English Braids for hosting this Members' Visit
