

Covering Document to information published following the ceiling collapse at the Apollo Theatre

All information sheets and reports published following the outcome investigation into the partial collapse of the Apollo Theatre ceiling need to be read in conjunction with one another. Please be aware that redactions have been made to the reports. These redactions are as stated or as marked out in grey.

Westminster City Council Report

The following factual corrections need to be applied when reading the information published from The Partial Collapse of the ceiling at the Apollo Theatre on 19th December 2013 published by Westminster City Council, Health and Safety Team.

Sections		
1.1	Factual correction	Replace September 2005 with March 2006.
1.4	Clarification	Nimax and its contractors were involved in the design and construction of the safety platform.
8.2	Clarification	The fundamental rethinking applies across the whole of the theatre industry across the UK.
